Certified Refurbished Wexxar Bel[®] Bel 130 Semi-Automatic Case Sealer

The Bel 130 is a bottom belt semi-automatic case taper designed to pair with Dekka[®] tape heads. (Dekka 100 recommended) The machine is both designed and developed in North America with durable, high-quality materials.

Changeover

The adjustable machine is compatible with a wide range of case sizes. Using a top wheel and tilting guide rails, changeover is possible in short time, with no additional tools. The unit features color-coded size-change labels.

Maintenance

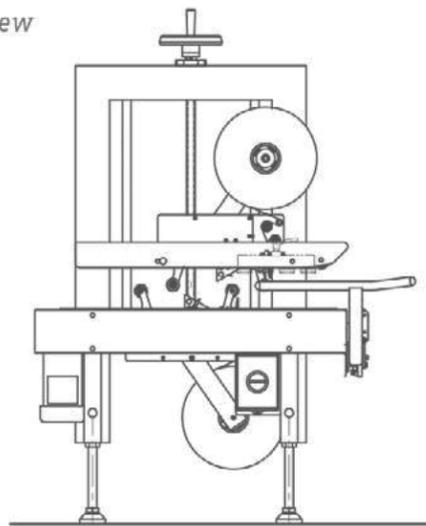

Additional user-friendly features include pictorial instructions for tape head changes and belt access. The design makes it possible for belts and tape heads to be accessed and/or exchanged in short time using a hex key. Wexxar Bel[®]'s signature Uni-Drive bottom belt system is engineered to seal consistently and accurately, even over longterm use.

Certified Refurbished Wexxar Bel[®] Bel 130 Semi-Automatic Case Sealer

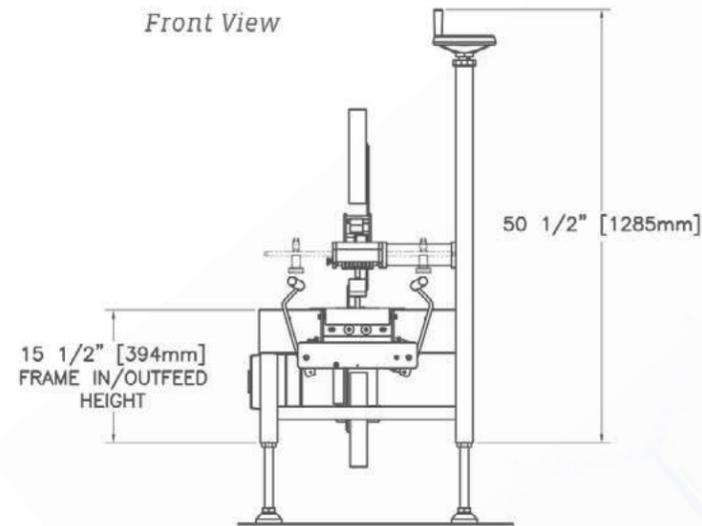

| Specifications | | | |
|-------------------------|-----------------------------------|--------------|-----------------|

The detail of the product(s), descriptions or specifications (for example weight, color, size, etc.) are only approximate values based upon a "standard model" of the representative product(s)/feature(s). There may be slight variations in the actual product design, dimensions, and functionality as compared to the information shown on our website and/or any supplementary product documentation, including but not limited to product brochures and spec sheets.

Bel 130 can be integrated with the Bel 505 Case former!

BEST PACKAGING®

WHY WE'RE THE BEST

Since 1997, we have been consulting, designing and implementing packaging solutions to offer the best for your operations. We represent a variety of equipment manufacturers, so as to ensure we're matching the right solution for your packaging needs. We only align ourselves with quality brands to make sure we are delivering the best value. It is our goal to provide the highest quality service to make your job easier and more productive.

Over 150 years of industrial experience, collectively.

We represent multiple brands and our analysis is unbiased. We can match the best systems with your needs based on the versatility of the job.

With preventative maintenance, operator training, and 24/7 support, we're with you every step of the way!

Steve Kudia, Owner of Best Packaging, serves on the ASTM committee. As part of a prestigious worldwide network of technical experts, he aims to make sure processes stay efficient by monitoring trends and educating customers on how they can improve their performance.
