Certified Refurbished OK International Model 200 Bag in Box Inserter

The Model 200 by OK International pulls from a roll of gusseted film tubing to cut, insert, and cuff bags in a manner of seconds. Four corner fingers open the inserted cut-off film and cuff it over the edges of the case. Depending on the materials, application, and machine configuration, the Model 200 operates at speeds up to 15 cases per minute.

Bags are cut from a roll of gusseted polyethylene layflat tubing. A 26" long heated cut-off bar forms bags of variable lengths.

The control panel features A/B controller, bag-only start/stop and e-stop push button. It also features variable length controls for bag and cuff length, as well as cut-off bar temperature controller.

The detail of the product(s), descriptions or specifications (for example weight, color, size, etc.) are only approximate values based upon a "standard model" of the representative product(s)/feature(s). There may be slight variations in the actual product design, dimensions, and functionality as compared to the information shown on our website and/or any supplementary product documentation, including but not limited to product brochures and spec sheets.

Certified Refurbished OK International Model 200 Bag in Box Inserter

Specifications			
	Length	Width	Height
Maximum Case Size	23" (584 mm)	16" (406 mm)	18" (457 mm)
Minimum Case Size	10" (254 mm)	8" (203 mm)	6" (152 mm)
Speed	Up To 15 CPM		
Bag Guages	0.6-5.0 mm, Depending on the Material		
Machine Dimensions	93" (2362 mm)	75" (1905 mm)	64" (1626 mm)

Construction	Stainless steel frame and exterior, plated and painted interior.		

BEST PACKAGING®

WHY WE'RE THE BEST

Since 1997, we have been consulting, designing and implementing packaging solutions to offer the best for your operations. We represent a variety of equipment manufacturers, so as to ensure we're matching the right solution for your packaging needs. We only align ourselves with quality brands to make sure we are delivering the best value. It is our goal to provide the highest quality service to make your job easier and more productive.

Over 150 years of industrial experience, collectively.

We represent multiple brands and our analysis is unbiased. We can match the best systems with your needs based on the versatility of the job.

With preventative maintenance, operator training, and 24/7 support, we're with you every step of the way!

Steve Kudia, Owner of Best Packaging, serves on the ASTM committee. As part of a prestigious worldwide network of technical experts, he aims to make sure processes stay efficient by monitoring trends and educating customers on how they can improve their performance.
